

A. Maximum Likelihood Estimation of Single Equation Regression Models

1. J. D. Sargan "Wages and prices in the U.K.: A Study in Econometric Methodology in "Econometric Analysis for National Economic Planning," P.E. Hart, G. Mills and J. K. Whitaker eds.
2. W. Oberhofer and J. Kmenta "A General Procedure for Obtaining Maximum Likelihood Estimates in Generalized Regression Models," Econometrica 1974.
3. C. H. Beach and J. G. Mackinnon "A Maximum Likelihood Procedure for Regression with Autocorrelated Errors" Econometrica 1978.
4. A. C. Harvey and G.D.A. Phillips "The Estimation of Regression Models with Autoregressive-Moving Average Disturbances," Biometrika 1979.

B. Testing for Misspecification in Econometric Models

1. L. G. Godfrey "Testing Against General Autoregressive and Moving Average Error Models when Regressors include Lagged Dependent Variables," Econometrica 1978.
2. L. G. Godfrey "Testing for Serial Correlation in Dynamic Simultaneous Equation Models," Econometrica 1976.
3. J. Szroeter "A Class of Parametric Tests for Heteroscedasticity in Linear Econometric Models," Econometrica 1978.
4. A. C. Harvey and G.D.A. Phillips "Testing for Serial Correlation in Simultaneous Equation Models," (To appear in Econometrica).

C. Testing Non-Nested Hypotheses

1. R. E. Quandt "A Comparison of Methods for Testing Non-Nested Hypotheses," Review of Economics and Statistics, 1974.
2. M. H. Pesaran "On the General Problem of Model Selection," Review of Economic Studies 1974.
3. M. H. Pesaran and A. S. Deaton "Testing Non-Nested Non-Linear Regression Models," Econometrica 1978

D. Seemingly Unrelated Regression Equations

1. V. K. Srivastava and T. D. Dwivedi "Estimation of Seemingly Unrelated Regression Equations: A Brief Survey," Journal of Econometrics 1979
2. D. E. Spencer "Estimation of a Dynamic System of Seemingly Unrelated Regressions with Autoregressive Disturbances," Journal of Econometrics 1979.
3. R. S. Revankar "Use of Restricted Residuals in SUR Systems: Some Finite Sample Results," Journal of American Statistical Association 1976

E. Systems of Demand Equations

1. R. W. Parks "Systems of Demand Equations: An Empirical Comparison of Alternative Functional Forms," Econometrica 1969.
2. R. P. Byron "The Restricted Aitken Estimation of Sets of Demand Relations," Econometrica 1970.
3. A. S. Deaton "The Analysis of Consumer Demand in the U.K., 1900-70," Econometrica 1974.

F. Inference Procedures in Econometric Models

1. D.F. Hendry and G. J. Anderson "Testing Dynamic Specification in Small Simultaneous Systems: An Application to a Model of Building Society Balances in the U.K.," Frontiers of Quantitative Economics Vol. III A. ed. M. D. Intriligator.
2. G. Mizon "Inferential Procedures in Non-linear Models. An Application in a U.K. Industrial Cross Section Study of Factor Substitution and Returns to Scale," Econometrica 1977.
3. E. R. Berndt and N. E. Savin "Conflict Among Criteria for Testing Hypotheses in the Multivariate Linear Regression Model," Econometrica 1977.

G. Simultaneous Equation Estimation

1. D. F. Hendry "The Structure of Simultaneous Equation Estimators," Journal of Econometrics 1976.
2. J. A. Hausman "An Instrumental Variable Approach to Full Information Estimators for Linear and Non-Linear Econometric Models," Econometrica 1975.
3. D. F. Hendry "Maximum Likelihood Estimation of Systems of Simultaneous Regression Equations with Errors Generated by a Vector Autoregressive Process," International Economic Review 1971.

H. Asymptotic Approximations

1. A. L. Nagar "The Bias and Moment Matrix of the General k-class Estimators of the Parameters in Simultaneous Equations," Econometrica 1959.
2. J. B. Kadane "Comparison of k-class Estimators when the Disturbances are Small," Econometrica 1971.
3. J. D. Sargan "The Validity of Nagar's Expansion for the Moments of Econometric Estimators," Econometrica 1974.
4. J. D. Sargan "Econometric Estimators and the Edgeworth Approximation," Econometrica 1976.
5. G.D.A. Phillips and C. Hale "The Bias of Instrumental Variable Estimators of Simultaneous Equation Models," International Economic Review 1977.

I. Estimation of Non-linear Simultaneous Equation Models

1. A. R. Gallant: "Three Stage Least Squares Estimation for a System of Simultaneous, Non-Linear, Implicit Equations" Journal of Econometrics Vol 5 No. 1 January 1977.
2. D. W. Jorgenson and J. Laffont: "Efficient Estimation of Non-Linear Simultaneous Equations with Additive Disturbances" Annals of Economic and Social Measurement 3, 1974.
3. T. Amemiya: "The Non-Linear Two Stage Least Squares Estimator" Journal of Econometrics 2, July 1974.
4. T. Amemiya: "The Non-Linear LIML Estimator and the Modified Non-Linear 2SLS Estimator" Journal of Econometrics Vol 3, November 1975.
5. M. Hatanaka "On the Efficient Estimation Methods for the Macro Economic Models Non-Linear in Variables" Journal of Econometrics Vol 8, December 1978.
